## SALE INFORMATION

### **INSPECTION:**

We encourage buyers to inspect the bulls prior to sale day. It allows us to assist you select the sire best suited to your needs. Phone us on 0419 884 839 and advise us of your intending visit.

Lots catalogued are available for inspection from 1.00pm, Thursday 25th February.

### **FREE DELIVERY:**

Banquet offers free delivery to the buyer's nearest town on route to Adelaide, SA and Emerald, QLD and to the property within Vic.

### STOCK HEALTH:

Banquet is MN2 accredited under the Bovine Johnes Disease Market Assurance Program. Certificate Number VC128. All bulls have been Vet checked by Dr Craig Wood, Terang. They have all undergone a physical examination of external genitalia and conformation. At the time of the examination involving a crush side semen assessment was performed. The crush side test involves visualisation of the penis and collection of semen. This semen is then analysed for density, mass motility and forward motility. All bulls in this catalogue were considered sound at the time of the examination. They have been vaccinated with pestiguard, vibriovac and 7 in 1. Any bulls purchased for QLD will be vaccinated against 3 day sickness and receive the 3 germ tick fever vaccination.

### **REBATE TO OUTSIDE AGENTS:**

Outside agents accompanying a purchaser to the sale are entitled to a 5% rebate. Please refer to page 3 for further detail.

#### **AFTER SALE SERVICE:**

Banquet is renowned for excellence in providing after sales service. If in doubt, speak with us or with any one of our many satisfied clients.

#### THE BANQUET BULL GUARANTEE:

All bulls are backed by a 3 YEAR GUARANTEE. In the event of a bull proven to be infertile or incapable of natural service the vendor can either offer a suitable replacement if available or issue a credit for future sales. The credit is a pro-rata value of the bull minus the salvage value. The guarantee can only apply if the bulls' incapacity is not caused by injury or disease since taking delivery. Any claim must be accompanied by a relevant veterinary certificate. The vendor retains the right to obtain independent veterinary confirmation of any claim.

It is important to understand that normal care must be taken and good husbandry practices observed, as we cannot replace a bull that is injured or dies for any reason. As such, we recommend you insure animals against injury. A representative of an insurance service organisation will be available on sale day.

### **RECESSIVE GENETIC CONDITIONS** (see pages 74 & 75)

All bulls in this Sale are free of AM, NH, CA and DD by parentage, or have been tested free.

### NO CARRIER BULLS ARE BEING OFFERED FOR SALE

FURTHER INFORMATION:

**Contact Stephen or Noeleen Branson** by phoning or Email

0419 884 839 or 0437 029 992 banquetangus@westvic.com.au

## OUTSIDE AGENT COMMISSION REBATES

5% rebate will be paid to all agents that attend and who purchase with or on behalf of their clients and settle within seven days of sale date.

2% rebate will be paid to all agents introducing clients that purchase but not accompanied by them to the sale. A written introduction must be received by the vendor 48 hours prior to the sale and accounts must be settled within 7 days of the sale date.

## SIGHT UNSEEN PURCHASERS PROGRAM

# Available to buyers who cannot attend the Sale with 100% satisfaction guarantee.

Those purchasers who have discussed their requirements with us we offer a 100% money back guarantee if the purchaser is not completely satisfied with their purchase within seven days of taking delivery. However the purchaser will be responsible for return transport costs.

### FOREWORD

In the foreword in our Spring Sale Catalogue I imagined the excitement of counting calves for the weaner Sales at \$1000+/head. My imagination fell short of the reality. Some of our clients averaged in excess of \$1100/head for their steer and heifer weaners.

Seasonal challenges in Southern Australia has meant that fencing contractors and fertiliser salesman may not be as busy as I thought. However it has made purchasing fodder an economically sound and far less stressful decision. This has flowed on to helping our cropping cousins to salvage something from what has been a horrendous season for them.

Please do not become complacent with the state of our Industry just because we have entered a period of profitability. There is so much that must be done if further generations are to prosper. Do not underestimate the importance of the live trade in both our Northern and Southern markets at present.

There are still major problems with the way red meat is traded from grower to consumer. The fiasco at the opening of the Barnawatha Saleyards is just a symbol of the deeper problem. The arrogance of the major buyers and their contempt towards producers was showcased for all to see. Also the ACCC lived up to its reputation of being unable or unwilling to address practices that have been entrenched in livestock industries for generations.

2015 has been a year of firsts at Banquet. Our first Spring Sale in September was very successful. It allowed producers to top up their bull power mid year before joining for their Spring calving. We believe it was the first bull sale to be held in the Mortlake Saleyards.

The "Belles of Banquet" Female Sale in November was the first time we had offered a significant number of females for sale. Over the two days we had 40 degrees and wind and dust, the roof leaving part of the shearing shed and a windmill blowing over. The next day was 16 degrees with wind and showers. Our resident koala visited the Sale cows to say goodbye something our cows don't appreciate. But the show went on and breeders from Victoria, South Australia, Tasmania, New South Wales and Queensland showed their appreciation of our cow herd in the most sincere way.

2016 is starting with great promise. By Christmas we will know what twists and turns the year will throw at us. We hope we are altogether to take on the challenges of 2017. Enjoy the ride and watch for those who need a hand back into the saddle.

In closing Noeleen, Gordon, Dianna, Hamish and I wish you all a safe and kind 2016. We look forward to sharing February 25<sup>th</sup> with as many of you as possible.

Please plan to stay after the Sale to enjoy our hospitality.

### Why you need Big Bold Banquet Bulls

Banquet is a family owned and operated seedstock business focussed on making more dollars for clients. This is achieved through the greater efficiencies and productivity that Banquet genetics give.

Banquet cattle are different from a majority of Angus; bigger, more powerful, faster growing, with extra muscling capabilities and have extremely quiet temperament. Simply put, because they have the capacity to grow quickly to heavier weights, yet have adequate muscling and fat cover at domestic market weights, they allow clients the flexibility to target the most lucrative market at any time. This ensures greater profitability.

Producers, feedlotters, restockers and processors alike are targeting Banquet bloodline calves.

Banquet markets over 200 bulls annually through our annual auction sale; occasional other specific auctions and extensive private selection sales. All bulls come with Banquet's after sales support and service guarantees.

You buy more than just a bull at Banquet!

The Branson family of Noeleen, Stephen, Gordon, Dianna and Hamish take great pride in presenting their stock to you. Beyond Banquet Angus this also extends to Gordon's Banquet White Suffolks, Dianna's Banquet Brangus and Hamish's Banquet Suffolks.

### **BLOCKBUSTER 'BELLES OF BANQUET' SALE**

## The 'Belles of Banquet' Angus female sale in November produced a stunning result with 110 head selling to a top of \$30,000 and averaging \$6681.

This is the first time Banquet has ever offered a significant number of females for sale in their 24 year history, with only a few select lots at special events being offered previously.

### 160 COMMERCIAL HEIFERS RISING TWO YEARS - PTIC A/C Drysdale Partnership

Sourced from leading Banquet Clients Denholm Green, Glenferrie, Nangana and Wright's Swamp

Traits Observed: BWT,400WT,600WT,SS,FAT,EMA,IMF,Genomics

Radar W42 was selected for these joinings based on his exceptional calving ease, strong growth and carcase. He is outstanding in his hair type and with a soft fine skin. Radar sold at the 2003 National Show and Sale for \$40,000. His dam, Banquet Kite T59, produced six sons and numerous grandsons used at Banquet. Her 26 sons have averaged \$9,600. A daughter holds the record price for a female sold at Sydney Show at \$38,000.

### **BANQUET FEATURE SIRES**

### **BANQUET GENTLEMAN G500**

Waitara Valley Tex (NZ) Sire: HINGAIA 469 (NZ) Hingaia 910 (NZ)

It is gratifying to see the industry appreciating the genetics that can consistently breed better calves for longer. This was evident at the recent Millah Murrah Sale when a son of the 29 year old Hingaia 469 set a new record of \$150,000.

At Banquet we have targeted individuals that give survivability and maternal power. One combination that has excelled for us is Hingaia 469 with the Dream family.

Banquet Gentleman G500 is one of those. His first calves are special. A freak accident destroyed his near side wheel in his first joining. So sorry, no photos. We are already searching for his best son. TE Mania Unlimited U3271 Dam: VERMONT DREAM Y301 Banquet Dream Q117

### **BANQUET FORTUNE F710**

Banquet Time Frame Y135 Sire: BANQUET BALLIS B017 Banquet Mavis Y032 Banquet Excitement X088 Dam: BANQUET DREAM C074 Banquet Dream A037

Fortune F710 is a big thick and muscular sire. We have retained him as one of our picks of the Ballis B017 sons. We sold over 100 sons of B017 to average \$9,000. The first son of F710 was in our 2015 Spring Sale and was purchased by Woorabinda for \$10,000. The F710 sons in this catalogue show extra length of body, strong loins and thick hindquarters.

## **BANQUET FEATURE SIRES** BANQUET FREDERICK F683

BSS Limited Design (USA) Sire: COONAMBLE Z3 Imran Rosebud U17

F683 was used prior to his purchase in 2013 by Barry Pitt. 2013 was certainly a good year for Barry, he secured both F683 and G306 for excellent value. As usual we retained semen and F683 has the largest number of sons in this Sale. We consider Vermont Dream Y301 to be the most influential, non Banquet bred, Dream cow. F683 is a grandson of Y301. Through his sire he brings another top cow, Imran Rosebud U17. On inspection F683 had extra extension of neck, length of body and strong loin. His progeny show these traits and his "K" and "L" calves are standouts.

### **BANQUET GOLDING G306**

Wittalocka X10 Sire: BANQUET DUNCAN D412 Banquet Dream A250

Golding G306 was an exceptional bull in our 2013 Sale. He was strong headed, long, thick and deep bodied. Barry Pitt showed great judgement to secure him for \$10,000. Another great value purchase by Barry. We retained semen and his sons are outstanding. Showing all the traits we saw in his sire. It is hard to compare the special bulls from different Sales but Lots 2 and 3 are with our best ever.

### **BANQUET FEATURE SIRES**

### **BANQUET ENDEAVOUR E007**

#### Sire:BANQUET XTRA BELIEF X030 Dam: BANQUET KIWI DREAM M41

E007 is maturing into a massive bull. He shows extra length and capacity. He is the last son of the legend Banquet Kiwi Dream M41. M41 produced 50 sons at Banquet to average \$10,000. This included the former Aust. Angus auction record of \$50,000 for Banquet Time Frame Y135. Since then three Dream cows have held the Aust. Record at \$27,000, \$45,000 and \$48,000. Xtra Belief X030, sire of E007, was the corner stone of our program for many years. His sons were highly sought after for their frame, muscularity and clean skins. His daughters continue to breed exceptionally well.

### **MILLAH MURRAH EQUATOR D78**

Sire: BT EQUATOR 395M (USA)

Dam: MILLAH MURRAH RADO Y119

We selected D78 for his strong maternal family lines and powerful phenotype. He is adding growth and stretch to progeny in every herd he has been used in. D78 also offers valuable benchmarking for our home bred sires.

| PHG UP    | DIR         | DTRS        | GL          | Bwt         | 200        | 400         | 600         | Mwt | Milk | SS          | DC          | Cwt        | EMA         | Rib         | Rump        | RBY%        | IMF%       |

### **BANQUET FEATURE SIRES BANQUET GRADUATE G464**

### Sire:BANQUET XTRA BELIEF X030 Dam: BANQUET JULIE W164

Graduate G464 is a moderate framed bull with exceptional thickness and muscularity. He weights in excess of 1200kg. We retained G464 for these traits and more importantly for the power of his dam. Sons of Julie W164 have sold to \$19,000 and averaged \$12,500. She is deep, thick, strong headed and has a magnificent udder. Not surprisingly Julie W164 is a daughter of Hingaia 469. G464 is the sire of seven calves in this catalogue.

### **BANQUET GARTON G275**

### Sire: BANQUET DUNCAN D412 Dam: BANQUET IRENE C417

Garton G275 was the top price bull in our 2013 Sale at \$20,000. He was purchased by our long term supporters, Charles and Cass Kimpton "Toora West". G275 is a big, heavy, soft and easy doing sire. Many times we have proved these traits can be combined. We have now used five sons of Duncan D412.

**Dam: TE MANIA Y147** 

We purchased the \$17,000 Fusion as our pick of a very impressive group of E.T brothers. Fusion attracted us with his strong loin, wide hindquarter and rugged head. His dam is equally impressive. She is deep bodied, soft and easy doing. Her progeny are consistently at the top end of their contemporary group. Keith Kerridge recognised this when he purchased her as an aged cow from Anvil for \$16,000. If Fusion's daughters inherit the traits of Y147 they will be very valuable to our program.

### **BANQUET KIDMAN K079**

VERMONT LEGACY D353 (AI) **VONF608 BANQUET KITE F608 (TW)** VERMONT KITE B290 (AI) (ET)

Kidman K079 is a power bull to start this offering. He is strong headed with a deep body, tremendous fill in his flank and smooth skin. Gitch G065 was our choice of the sons of Ezza Kiwi E214. As a mature sire he was sold to Brett Stewart at "Wimmera Downs". His sire, Ezza Kiwi E214, was imported from NZ as an embryo. He is a son of the legend Hingaia 469. E214 was selected in our 2011 sale by Chris and Geoff Roberts, for \$10,000.

Keith K031 is one of our stars of this Sale. He combines phenotype, pedigree and statistics. Keith K031 is strong headed, thick and muscular. The width of his pins is exceptional. He is the first son of G306, our best breeding son of Duncan D412. G306 sons excel for their thickness and muscle expression. G306 sold for \$10,000 to Barry Pitt. Dream D273, dam of K031, sold to Fernleigh Stud for \$8,000 in our "Belles of Banquet" Sale. Keith K031 recorded the highest EMA scan of our 2014 drop bulls. His marbling scan was one of our highest. Semen Retained.

VONF325 BANQUET F325 (APR) BANQUET DREAM A270

Ken K078 is a clean shouldered, long bodied bull. But with that refinement he has excellent thickness and depth of body. He is an APR bull so with no stud competition he could be great buying.

#### Ident: VONK046 Tattoo: SNB K046 (T&F) Born: 9/04/2014 AMFU NHFU CAF DDF

Kiah K046 is a long bull with a strong top. He has xcellent shape to his hind leg and as he moves he shows reat expression of his stifle muscle. His sire, F710, is onsistently breeding this muscle expression. The sire of is dam, X088, is one of the most resilient, easy doing sires round.

HBR

Another F710 son. Again he is a long strong spined bull. His dam is impeccably bred. Sired by A387, the bull we nicknamed Keith, and from our best Density daughter, B189. B189 is an outstanding donor cow.

Our first son of Garton G275. G275 topped our 2013 Sale at \$20,000 to Toora West. His dam, A134 is one of our great old 469 cows. She is preparing for her tenth natural calf. Her sons have sold to \$7,000 and a daughter for \$8,000. She is the grand dam of Lot 2. We prize consistency and survivability. Dream A134 excels. K072 is a soft coated bull with extra depth of flank and spring of rib.

### **PRIME JUGGERNAUT J15**

#### SIRE: BNAD145 TUWHARETOA REGENT D145

#### DAM: CXBF20 PRIME LOWAN F20

Stephen Handbury purchased Juggernaut for a \$41,000 record for a yearling bull for his Anvil Stud. Stephens' description of the bull sparked our interest and he certainly did not disappoint on inspection. He showed great capacity, dimension of hindquarter and length of body. His mobility and style was a feature. J15 displayed excellent early growth. We chose to test him in our program. He will add diversity of type and pedigree and be a valuable bench mark.

BANQUET ZEALFUL Z021 VOND351 BANQUET YENDI D351 (AI) BANQUET YENDI B243 (AI)

K215 has massive volume, growth and capacity. He is a very powerful son of Doc F159. Doc is a favourite at Millah Murrah and we think he will have a positive impact at Banquet. Yendi D351 was an outstanding donor for us. Fernleigh Stud purchased her for \$10,000 in our "Belles of Banquet" Sale. A 12 month old grand daughter sold for \$7,000 in that Sale. We have six daughters of D351 in our herd.

K249 could be special. Few bulls can match his tremendous volume and width through his hip and pins. He is proud, strong headed and has great carriage. His dam, D230, is a favourite. Despite being a carrier of the DD defect we will continue to AI and flush her. Simply test the progeny and cull the carriers. We have great expectations for the flush sister to K249.

BT EQUATOR 395M

K247 is a strong headed, meat machine. He is thick and muscular with a strong loin. K247 is our first of three D78 sons. D78 has massive growth data that is highly accurate. In this case we joined him to a daughter of Duncan D412. D412 sons have sold to \$20,000 and we have used five. Sons of G275 and G306 feature in this catalogue.

Dream A250 is a "pin up" donor at Banquet. She is sleek coated, thick and deep. An exceptional udder and a top breeder. This son is just like her. Sleek, fine skinned with enormous capacity and muscularity. A strong spined, correctly made individual with top sire prospects. Full brother to Lot 41 & 70.
